BERKA FOR CITY WORKHOUSE

Former Police Judge in Last Annual Report Advocates Institution.

TENDENCY TO REPRESS CRIME IN OMAHA

Recommends City Build Workhouse Where Prisoners Not Confined in Jail May Be Reformed and Punished.

Former Police Judge Berka, in his annual report for 1906, again goes on record as favoring a workhouse for prisoners convicted of misdemeanors. The report has just been filed with the city clerk. Mr. Berka, who retired from the police court bench the first of the year, has long contended for the establishment of a workhouse, not only as a means for lessening the number of vagrants and petty criminals in Omaha, but as a method of reformation. He says:

I would recommend that the city build a workhouse, where those that are confined in jail may have an opportunity to work. The primary object of a sentence is to reform the prisoner; the next object is to punish, so that the public may have an example of the consequences which follow criminal acts. Work forms a systematic habit of industry, and idle minds are handed put to work soon find honest and useful occupations when released from imprisonment.

The report shows that a total of \$16,356 in fines and fees were collected in police court during the year, the fines amounting to \$6,172 and the costs to \$4,189. There were 7,880 cases tried, 4,476 convictions, 3,794 discharges, 22 appeals taken to the district court, 235 persons bound over to the district court and \$1,383.30 left due the city from the county on felony cases.

DUNN IN THAT VICINITY

Police Captain Lives in Neighborhood Where Vigilance Committee Has Been Organized.

Considerable irony surrounds the action of the residents of northwest Omaha, who organized the protective society for the repression of petty thievery. Captain Dunn of the police department is a resident of that immediate neighborhood, where the chief crime has been chicken stealing, and it so happens that the captain recently was a sufferer from this imposition. Not so many nights ago a thief got into his hen roost for a few choice fowls. But the captain is not a member of the vigilance committee—not formally, at least—not further than that he is a peace officer, charged with the responsibility of repression of crimes in general. Some of the captain's neighbors have said several things

about him of late which wouldn't look well in his autograph album, and it is understood the most cordial feeling does not exist between him and a few of those who think, because he is an officer, chicken stealing ought to be an impossibility in his neighborhood.

SEASONABLE FASHIONS.

NOS. 6471 AND 6472—A MODISH STREET GOWN.

Few women realize how great a part lines play in the becomingness and style of a gown. But there is art in everything beautiful and it cannot be overlooked in the creation of feminine apparel any more than in the arrangement of the hair. The tendency of the day is toward straight and slender effects and the gown which gives lengthening lines is a great aid to this result. The gown sketched here is one of the very charming new models. It is developed in the beautiful Vigoureux with chemisette and deep cuffs of embroidered and tucked Swiss. Small buttons in Persian colorings fasten the points and serve as a modish trimming. The skirt is one of the new circular models and not difficult to construct. Cashmere, taffetas, chiffon, broadcloth, or one of the fashionable raw silk might fashion this gown. For the medium size 3½ yards of 36-inch material are needed.

No. 6471—Sizes, 32 to 42 inches, bust measure.
No. 6472—Sizes, 30 to 36 inches, waist measure.
The price of these patterns is 35c, but either will be sent upon receipt of 10c.

For the accommodation of readers of The Bee these patterns, which usually retail at from 15 to 20 cents each, will be furnished at the nominal price of 10 cents. A supply is now kept at our office, so those who wish any patterns can get it either by calling or enclosing 10 cents, addressed "Fashion Department Omaha Bee, Omaha, Neb."

BOTH RANCHERS DENY CHARGE

Mahaffey and Hatch Declare Case Against Them is Result of Spitework.

Deputy United States Marshal Sammons returned Friday morning from Mullen and vicinity, where he had been dispatched to arrest R. W. Mahaffey and A. P. Hatch, ranchmen, charged with perjury and subornation of perjury in certain fraudulent final proofs made on lands entries within the Mahaffey pasture near Mullen. The accused men were taken before United States Commissioner O'Keefe at Hyannis and gave bonds in \$5,000 each for their appearance before the federal grand jury in May. Both men are prominently identified with the cattle interests in that section and claim the charges against them are groundless and are the result of spitework by personal enemies in that vicinity.
